

# **Sprint 1 Report - CMPS 115 – Software Methodology SmartTick**

## **Actions to stop doing:**

- The team should stop being unproductive during scrum meetings

## **Actions to start doing:**

- The team should start holding more meetings and work sessions
- The team should self-assign tasks and update on scrum board to let others know what they are doing.

## **Actions to keep doing:**

- The team should keep communicating with each other

## **Work completed**

- User Story 1.1 - As a user, I want to be able to see information about a particular stock.
- Infrastructure Task 1.1 - As a developer, I want a working environment no matter my device.

## **Work not completed:**

- User Story 1.2 - As a user, I want a table that shows recent politicians' trades so I can see all the relevant trading information in one place.

## **Work Completion Rate:**

- Total number of user stories completed during the prior sprint: 2 (1 user story + 1 infrastructure task)
- Total number of estimated ideal work hours completed during the prior sprint: 20 hours
- Total number of days during the prior sprint: 7 days
- User stories/day for Sprint 1:  $2 \text{ stories} / 7 \text{ days} = 0.29 \text{ stories/day}$

- Ideal work hours/day for Sprint 1: 20 hours / 7 days  $\approx$  2.86 hours/day
